PROFILE

QA Engineer with 8+ years of experience across SaaS, payments, and FinTech products. Focused on practical testing, building release confidence, and treating quality as a shared responsibility throughout the organization.

WORK EXPERIENCE

Worth AI

Sep. 2025 – Present

Quality Assurance Engineer

Remote

- Lead UI and API testing across onboarding and decisioning workflows in a FinTech underwriting platform.
- Contribute to regression strategy and automation planning through test mapping in Qase.
- Improve regression coverage and defect clarity across production releases.

Castiron

Aug. 2022 – Sep. 2025

QA Automation Engineer

Remote

- Developed and maintained Playwright UI and API automation, cutting regression time by 50%.
- Integrated automated tests into GitHub Actions to support frequent deployments.
- Owned exploratory and high-risk feature validation across web and mobile.

Bottomline Technologies

Feb. 2022 – Jul. 2022

Quality Assurance Engineer

Remote

- Built Cypress tests for high-priority workflows in a legacy payments platform.
- Defined test coverage and executed manual validation across UI workflows and backend data validation.
- Led sprint ceremonies and defect triage during releases.

TrainerRoad

Apr. 2019 – Feb. 2022

Software Quality Assurance Lead

Reno, NV (Hybrid)

- Managed QA across web, desktop, and mobile platforms, leading a team of 10 through weekly releases.
- Migrated over 500 test cases to TestRail and standardized structure for reuse.
- Guided the transition of issue tracking from GitHub to Jira, reducing triage time by 30%.
- Directed efforts to expand E2E test coverage using Cypress, Detox, and Selenium.

TrainerRoad

Sep. 2017 – Apr. 2019

Software Quality Assurance Analyst

Reno, NV

- Created and executed manual test cases for iOS, Android, Windows, Mac, and web platforms.
- Validated features against specs and surfaced issues through exploratory testing.
- Maintained test data, tracked bugs in GitHub, and monitored builds through TeamCity.
- Ran basic SQL queries and API checks to support backend validation during regression cycles.

EDUCATION

University of Nevada, Reno

Bachelor of Science in Business Administration (Dual Major: Economics & International Business, Minor: Spanish)
